Sir:

I, Joseph DeBenedictis, represent that I am the attorney of record for the above-identified application and the present invention by virtue of the Associate Power of Attorney submitted herewith.

Integran Technologies, Inc. (henceforth referred to as "Assignee") is the owner of the entire right and title to the above-captioned patent application and the invention and improvements therein disclosed for the United States, by virtue of an assignment from the inventors to said Assignee dated May 23, 2000, and recorded at Reel 10826, Frame 913, on May 26, 2000. Assignee is also owner of the entire right and title to U.S. patent application no. 09/412,610 and the invention and improvements therein disclosed for the United States, by virtue of an assignment dated June 5, 2000, and recorded at Reel 10866, Frame 130, on June 8, 2000.

The terminal part of any patent granted on the above-captioned application which would extend beyond the expiration date of the full statutory term of any patent that would issue from U.S. patent application no. 09/412,610 is hereby disclaimed. Any patent granted on the above-captioned application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to the U.S. patent application no. 09/412,610; this agreement to run with any patent on the above-captioned application to be binding upon the grantee, its successors or

assigns. However, no rights available under the provisions of 35 U.S.C. §§155 and 156 are hereby waived.

No terminal part is disclaimed of any patent granted on the above-captioned application prior to the expiration date of the full statutory term of any patent that is granted on U.S. patent application no. 09/412,610 in the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321(a), has all claims cancelled by a reexamination certificate, or is otherwise terminated prior to the expiration of its statutory term, except for the separation of legal title stated above.

The Terminal Disclaimer fee of \$110.00 is submitted herewith. Please charge any additional fees or credit any overpayments in connection with this paper to Deposit Account No. 02-0200. A duplicate copy of this paper is enclosed.

I declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine, or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the above-captioned patent.

Respectfully submitted,

Joseph DeBenedictis
